### **2004 DEER HUNTING SEASONS**

HOW MANY DEER CAN I HARVEST? In general, the answer is one deer per hunter per year. But a few controlled hunts and depredation hunts offer the opportunity for hunters to harvest another deer. In addition, deer hunters may purchase leftover nonresident deer tags at the non-resident price to get an opportunity to harvest a second deer in 2004. See below.

**ANTLERED DEER:** Only deer with at least one antler longer than 3 inches may be taken in any season which is open for antlered deer only. In antlered-only seasons, antlers must accompany the carcass while in transit.

**ANTLERLESS DEER:** Only deer without antlers or with antlers shorter than 3 inches may be taken in any season which is open for antlerless deer only.

**TWO-POINT DEER:** Only deer with *not more than two points* on one side, not including brow point, and at least one antler longer than 3 inches may be taken in any season which is open for two-point deer only. A point is an antler projection that is at least one inch long and longer than the width of the projection.

**THREE-POINT DEER:** Only deer having at least one antler with three or more points, not including the brow point or tine, may be taken in any season which is open for three-point or larger deer only.

**FOUR-POINT DEER:** Only deer having at least one antler with four or more points, not including the brow point or tine, may be taken in any season which is open for four-point or larger deer only.

**TRANSIT**: In any hunt with point restrictions, the antlers must accompany the carcass while in transit.

**SPECIES IDENTIFICATION:** In seasons restricted to mule deer only or white-tailed deer only, if the head is removed, the fully-haired tail must be left naturally attached to the carcass.

Any person who receives a controlled hunt permit for deer is prohibited from hunting in any other deer hunt, EXCEPT extra deer tag hunts or by purchasing a leftover nonresident deer tag when available. See below.

EXTRA DEER HUNTS: All controlled deer hunt areas designated by an "X" are extra deer hunts, usually for antlerless deer. Hunters may apply for a regular controlled hunt and a controlled hunt designated for extra deer tags. For example, you may apply for Controlled Hunt No. 1003, and send in a second controlled hunt application for Hunt No. 1048 in area 8X. Hunters also may buy a general deer tag, and apply for Hunt No. 1048. If you draw a permit for Hunt No. 1047, you could harvest a deer during the general season and then harvest a second deer in Controlled Hunt Area 8X.

**BAG LIMIT:** No person may take more deer than the number for which he possesses legal tags.

**EVIDENCE OF SEX** — See page 11.

#### **LEGAL DEER IN TWO-POINT HUNTS**

#### SPIKE MULE DEER

Legal buck under 2-point regulations if at least one antler is 3 inches or longer.

#### **1 X 2 POINT MULE DEER**

Legal buck under 2-point regulations.

#### **2 X 2 POINT MULE DEER**

Legal buck under 2-point regulations. Not legal in 3-point or 4-point hunts.

#### **2 X 3 POINT MULE DEER**

Legal buck under 2-point regulations. Also legal under 3-point regulations.

Point must be one inch or longer.

MANDATORY REPORT REQUIREMENTS: All deer hunters are required to fill out a Harvest Report within 10 days after harvest or within 10 days after the close of the hunting season.

## NONRESIDENT DEER TAG - USE FOR BLACK BEAR OR MOUNTAIN LION

Nonresident deer tags, EXCLUDING Nonresident Junior Mentored deer tags, are valid to take a black bear or mountain lion instead of a deer where and when the deer tag is valid, and there is an open deer season in that unit; and there is also an open bear season if taking a bear or open mountain lion season if taking a lion in that same unit. Hunters may buy other bear or lion tags, but after the deer tag is used to harvest a deer, black bear, or mountain lion, a second deer tag may not be purchased, except to hunt in an area where the harvest of two deer is allowed, or by purchasing a leftover nonresident deer tag when available.

**NOTE**: Residents or nonresidents may purchase unsold nonresident deer or elk tags at the nonresident price starting Aug 28, to be used as a second tag. The nonresident deer tag may also be used to tag a black bear or mountain lion.

#### **ATTENTION HUNTERS!**

**DEER TAG TYPES:** A Regular deer tag is required for all other units, EXCEPT, nonresidents must purchase a nonresident Southeast Idaho deer tag to hunt in units 75, 76, 77, 78.

**Southeast Idaho Deer Tag:** Required for nonresidents to hunt for deer during the general season in Units 75, 76, 77, 78. Not valid in other units. See page 6. NOTE: Because of high demand, these tags are issued through a limited entry drawing. Applications for 2005 tags will be accepted from December 1, 2004 through January 31, 2005. For more information or an application, contact the Licensing Section at (208) 334-3717 or visit the IDFG website at: http://fishandgame.idaho.gov

**Lolo Motorway Permits**: A Forest Service permit is required to travel the section of the Lolo Motorway (Road 500) between Parachute Road 569 and Weitas Butte Road 557 from July 15 - October 1. Permits are not required from October 2 through July 14. No permit is needed to cross into Gravey Creek on Road 107. The permits will be required during the Lewis & Clark commemoration years (2003-2006). To apply for a permit or for more information, visit www.fs.fed.us.r1/clearwater, or call the Lochsa Ranger District at (208) 926-4274.
